Finance report

The finance committee have been working on a cashflow projection based on the fact that we are down to 165 members compared to the 226 we had last year. The cashflow projection provides us with a rough guide as to what the bank balance may be from month to month. The figures we use is based on historical data and assumptions and our financial situation will have to be monitored on a month to month basis.

Based on the data we have input, we will run out of money by December and will no longer be able to meet our regular expenditure. Although we propose to make suggestions about fund raising activities to increase our income, we have to immediately look at ways of cutting our expenditure.

As a starting point, we need to cut our wages by £8,000 per annum. There is three ways we have looked at that could achieve this:

1. To keep David as the sole greenkeeper and make Callum redundant. It would cost the club £500 to make Callum redundant.
2. To make David redundant and keep Callum as sole greenkeeper. It would cost the club £4,500 to make David redundant.
3. To keep both greenkeepers on but reduce their salary and hours. This would be the finance committee's preferred option at this stage.

The current wage structure

David currently gets paid £17,000 Gross per annum
Callum currently gets paid £12,000 Gross per annum
Employers NI contributions costs us £1,870 per annum

Total cost of course wages is £30,870 per annum

Financial saving of option 1

Although initially we feel we would want to lose just £8k in wages, this option would save us £12k per annum, although we would have to pay Callum £500 redundancy. We feel this option has too many disadvantages as there would be no holiday cover and David's salary may have to increase for him to work extra hours to cope on his own.

Financial saving of option 2

Initially this would be an expensive option as it would cost £4,500 to make David redundant. Similar issues to option 1 would incur but having Calum as the sole greenkeeper would be a cheaper option in the long term. It would also not be possible to pay this level of redundancy to David based on the current state of the finances.

Financial saving of option 3

Our preferred option would involve a job sharing role where both greenkeepers would have their hours and wages cut. This option would save us approximately £1k in

employers national insurance contributions, therefore we need to reduce their wages by £7,000 between them.

Rather than decreasing both employees equally, our idea was to reduce David's wages to £12,000 and Callum's to £10,000. Callum would only see his net pay reduce by £25 per week as he would pay very little tax and NI. David would see a £55 cut in his net weekly pay. There is flexibility to reduce David to £13k per annum and Callum to £9k per annum also. Either way, the club would save £8,000 per annum.

Points to note:

1. There is no guarantee that the above proposal will be a big enough cut to work due to the financial uncertainty we are faced with. We can't commit to saying that this will keep the bank account in credit until March 2014, when the bank account reaches it's lowest balance in the year. The finance committee will review our cashflow on a month to month basis and measure our budget against actual which will show us our variance. If the finances get worse, we may have to consider further greenstaff cuts.
2. It has not been decided how many hours the greenkeepers should work less until we agree on which option to follow.
3. Further cuts in expenditure may also have to be considered in addition to this. For example, Diane may no longer have to be considered for a bar role.
4. The action proposed is relevant to the current season up until March 2014. A change to this strategy may be required depending on member levels for future years.

David Todd & Rodney Sommerville Saturday Winners with 69 points - Get Set for the Cha

Welcome

Hole 3: Pirn Craig 474 yard Par 4. The first of our three elevated tees and a great view up the valley awaits! If you fade it of the tee then give yourself plenty of room here as any shot not clearing the heather can lead to a double figure score! Big hitters can get up in two, but for the rest of us play it as a par five. Get your second shot over the cross-burn, hit the green, and take it from there.

Club History

Innerleithen, 22nd September, 1886

A Meeting of Gentlemen was held this evening in the **Traquair Arms Hotel**, in reply to a circular sent out by Messrs. I Kidd Brown and Haig for the purpose of forming a Golf Club. The Right Honourable The Earl of Wemyss, **Gossford House**, Longniddry.

Present were:

- Sir Charles Tennant of The Glen Bart.
- Lord Arthur Cecil of Orchardmains.
- Lord Lionel Cecil of Orchardmains.
- Honourable H.C. Maxwell Stuart of **Traquair**.
- Major Evans of Holylee.
- Walter Thorburn, 'Esq. of Kerfield. M.P.
- George Miller Cunningham, Esq. of Leithen.
- M.G. Thorburn, Esq. of Glenormiston.
- Captain C.R.K. Ferguson of Caerlee.
- I. Duncan Smith of Ferneyside

Mr. J. Kidd Brown, being called to the chair, explained that having sent out circulars to those whom he thought it likely would feel inclined to take part in the formation of a Golf Club for Innerleithen, he was glad to say that he had met with a very hearty response, the following gentlemen having agreed to become Patrons of the Club:

- The Right Honourable The Earl of Wemyss, **Gossford House**, Longniddry.
- Sir Charles Tennant of The Glen Bart.
- Lord Arthur Cecil of Orchardmains.
- Lord Lionel Cecil of Orchardmains.
- Honourable H.C. Maxwell Stuart of **Traquair**.
- Major Evans of Holylee.
- Walter Thorburn, 'Esq. of Kerfield. M.P.
- George Miller Cunningham, Esq. of Leithen.
- M.G. Thorburn, Esq. of Glenormiston.
- Captain C.R.K. Ferguson of Caerlee.
- I. Duncan Smith of Ferneyside.

It was agreed to form a Club to be called "**The Innerleithen Golf Club**" with the above names as Patrons.
